

As I May FOH & LIGHTS

FOH

All vocals: delay and reverb (not too much)

Guitars: dry , pan 35% to L. And R

Bass: dry

Drums: reverb on snare and toms

(Of course every venue is different, so sound-engineer knows best)

LIGHTS

**If we use our own lights , we need three-phase current 16A
(5 pin 16A plug) 220 V**

**If we use house lights, we like white , blue and green flashing
lights and moving lights are awesome.
Smoke is nice too.**
